NEW ORTHO guide

Retrofit set for orthodontic extension for MT premium or MT3

easy use

The ORTHO guide transforms MT premium and MT3 into special trimmers for orthodontic requirements.

Advantages

- Fast and precise bite oriented trimming of orthodontic models using an intuitive template and a special trimmer table.
- Greater precision and optimal alignment of the median palatine raphe thanks to a guide light (MT premium only).
- Exact milling of the tuber plane of the upper jaw model.
- Fabrication of exact three-dimensional oriented jaw models that take all skull planes into consideration.

Details

- Thanks to the special guidance concept, the template is not permanently installed in the unit and can therefore be easily removed without tools.
- Easy, fast, and tool-free cleaning of all components.
- Step-by-step instructions with upper and lower jaw reference models (also suitable for process documentation).

Further details

- The subsequent assembly does not require specialist staff and can easily be carried out by users themselves.
